

## OVERVIEW

Are you looking to ensure your approach to evaluating educators gives teachers positive opportunities to grow their practice and strengthen student outcomes?

With CEL's 5D+ Rubric for Instructional Growth and 5D+ services, you'll deepen your readiness and expertise to observe and support the continuous growth of teaching practice.

### CEL's 5D+ Services include:

- [5D+TM Stage I and Stage II Professional Development](#): a two-stage onsite professional learning opportunity to develop understanding of and inquiry skills for use of the 5D+ Rubric for Instructional Growth and Teacher Evaluation and 5 Dimensions of Teaching and Learning<sup>TM</sup> Instructional Framework.
- [5D+TM Stage I and Stage II Professional Development – Online](#): an online program of support to introduce you to the 5 Dimensions of Teaching and Learning<sup>TM</sup> instructional framework, the 5D+ Rubric, and the 5D+ Inquiry Cycle.
- [5D+TM Rater Reliability Training](#): Onsite support to ensure reliability across schools by aligning evidence and calibrating to the 5D+.

## WHAT YOU'LL GAIN

- **Students** get increased access to meaningful learning opportunities
- **Teachers** work with a research-based framework and collaborative process they can trust to support their growth
- **Leaders** gain the skills to implement a growth-oriented evaluation process that focuses on high-quality learning

## WHO IT'S FOR

CEL's 5D+ Services are for school and system leaders who are eager to use a research-based framework to create positive growth opportunities for teachers and their students.

## HOW IT WORKS

Using the 5D+ Rubric for Instructional Growth and Teacher Evaluation and 5D+ Services, you will be able to:

- Plan and implement a growth-oriented teacher evaluation system focused on high-quality learning.
- Develop a common language and shared vision for improving teaching and learning using an instructional framework.
- Analyze and calibrate ratings across classrooms, schools and districts using an evaluation rubric.
- Increase the expertise of school leaders to guide and support the professional. [Download a free copy of the 5D+ Readiness Assessment](#), a tool for getting started with teacher evaluation.

### LEARN MORE

For an overview of the 5D instructional framework and the 5D+ Rubric, watch [Getting Started with CEL's 5D+ Teacher Evaluation Rubric](#). Note: The webinar features version 2 of the rubric, but the processes for getting started also apply to version 3 of the rubric.
